OBLITERIDE 2019

ABOUT OBLITERIDE

- Obliteride is a fun bike ride and family-friendly walk and run to raise funds for Fred Hutchinson Cancer Research Center.
- Obliteride’s goal is to help Hutch scientists cure cancer faster.
- Obliteride welcomes everyone!
- Obliteride is not a race. It is a fun and exhilarating weekend for everyone — cyclists, walkers with strollers, and runners.
- Bike riders can choose 25-, 50-, or 100-mile routes.
- Obliteride dollars have accelerated critical research in many areas, including cancer prevention, new treatments, advances in immunotherapy, and research on bladder cancer, blood cancers, brain cancer, breast cancer, lung cancer, ovarian cancer, and prostate cancer.
- Obliteride is August 10, 2019.
- Registration is open at Obliteride.org.

OBLITERIDE BY THE NUMBERS

- 2019 marks Obliteride’s seventh year.
- We’ve welcomed more than 9,000 participants since our first year.
- Last year, 2,288 participants on 198 teams raised $2,588,675.

ABOUT FRED HUTCH

- Fred Hutchinson Cancer Research Center opened in 1975.
- Fred Hutch’s mission is the elimination of cancer and related diseases as causes of human suffering and death.
- 1 million+ people have benefited from lifesaving bone marrow transplants, pioneered at Fred Hutch.
- Roughly 3,000 Fred Hutch faculty and staff are working to eliminate cancer, HIV, and other related diseases.
- Fred Hutch scientists work at the leading edge of a revolutionary treatment called immunotherapy, which harnesses the body’s immune system to fight cancer.
- Private donations like those raised through Obliteride power research that brings new and better treatments to people facing cancer and related diseases.

$14.6 million and counting raised for lifesaving cancer research since Obliteride began in 2013.

New for 2019: Obliteride 5K Run!

100% of all donations go to lifesaving cancer research at Fred Hutch
